BRAND VALUES

what we would like to be...

Passion for Excellence

"Passion for Excellence" is the tribute to all CarolBrass family who spend whole their life for making great instruments. It's also our attitude to do everything regards to music and brass instruments. The key goal is to encourage the people who contribute to CarolBrass for being finest craftsmen, designers, and sales consultants in order to make excellent brass instruments and provide excellent services for the brass players around the world based on our passion for music and brass instruments.

Not the biggest ,but the best

Quality-oriented is the first concept come to our mind when we started making brass instruments. We believe that quality is always the most important value of our instruments and service. From beginner models to professional models, we maintain the consistently high quality based on seriously managing every production process. Instead of looking at quantity, we put much more efforts on the status of each CarolBrass instrument.

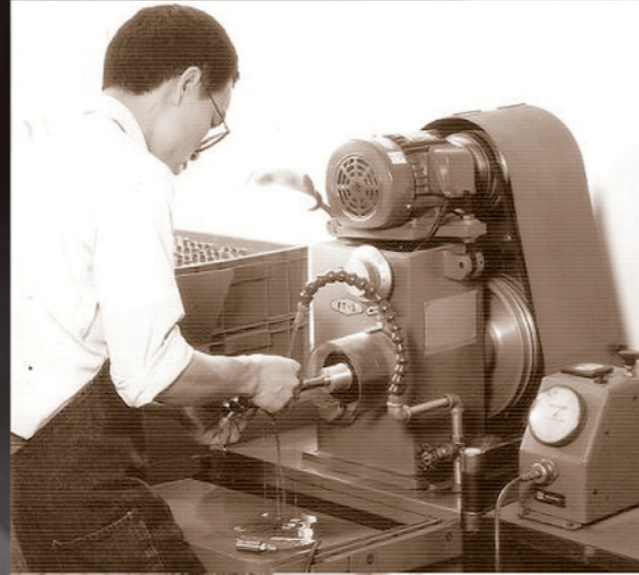

Brief Intro

about us...

Kim Kuo-An Lee, the founder of Hoxnon Gakki Corporation, started making ODM/OEM instruments since 1989. Before Kim started Hoxnon Gakki Corporation, he used to work in a Taiwanese musical instrument company as a R & D lead designer and craftsman for more than 8 years. Being a key supplier of many worldwide well-known musical instrument brands for many years, Kim notices the necessity of creating self-owned values, then self-owned brand name "Carol" and "CarolBrass" started being one of the hottest key words on the internet.

RECALL THE LOST SPIRIT

About 30 years ago, when I first time saw the old trumpet models of several traditionally big brands, I was very impressed by the amazing quality and respectable craftsmanship. From that time, this being my ideal and I decide to learn from the spirits which within these old instruments and are hardly seen in these days. Now we expect that our instruments re-present the spirit and touch player's mind again.

SINCE 1989

CarolBrass

K. K.A. Lee

STYLES OFFERED

Enjoy The Same High Quality on Each Instrument

CarolBrass divides its brass instruments into 2 different dimensions, which are Styles Offered Series and Materials Offered Series.

In the ideas of **Styles Offered Series**, there cover a wide range of essential brass instruments which are trumpets, cornets, flugelhorns, pocket trumpets, trombone, bugles and accessories. We classify the models of Styles Offered based on the proper users such as beginners, intermediate players, amateurs, and professional performers.

We guarantee the consistently high quality management of each models. The key goal is that we provide beginners more comfortable ways to enter the music world, make intermediate players feel much better to improve their performance work, and offer professional players the various options of sound characteristics.

HOW TO GET

Styles Offered model numbering well

For Example :

CTR-4000H-YSS-C-SLB

Finishing Type:
 P = Polished

A versatile musician and veteran performer with the Louie Bellson Big Band (Chicago Based Band), Jimmy Dorsey, Hendrik Meurkens, Buddy De Franco, Natalie Cole and the Terry Gibbs Big Band. Rick Holland brings a wealth of experience and musicality to each performance.

Holland has now recorded 7 albums as a leader and co-leader with national and international labels.

His is quoted by Jazz Insider, "Rick Holland lead a modern big band for the ages. They respect the sound of jazz past and mix it with original and fresh perspective. This is some truly great work!"

Rick has now been teaching people of all ages privately for more than 25 years. Rick also has served on the music faculties of Western Michigan University and Kalamazoo College.

In 2005, Rick received his Doctoral degree in Classical performance from Michigan State University. He is now 2012 Carol Brass artist of Legend model CTR-7660L-GSS-SL.

Trumpet sensation Kris Johnson has appeared on an impressive list of albums including two Grammy Nominated releases for with his work with Tony Bennett and Karen Clark Sheard.

Kris toured internationally with the Count Basic Orchestra for three years and is a prominent performer, composer, arranger, and educator. Kris has a keen sensitivity to the nuances of film as is evident in his award winning film scores for various web-series and short films.

A passionate educator, Kris is a member of the Detroit Symphony Orchestra's education program directing the Civic Jazz Band which features some of Detroit's most promising youth. Now Kris palys with Carol Brass Legend trumpet model CTR-7660L-GSS-SL.

MATERIALS OFFERED

Different from traditional way

CarolBrass Materials Offered Series is an entirely new conception, new innovation of brass instruments.

Overall Materials Offered models are defined the advanced professional levels instruments which involve trumpets, cornets, flugelhorns and piccolo trumpets. In the ideas of Materials Offered Series, we make instruments based on selected materials used in construction process, or formula. From lead pipe to bell, from inner tuning slides to outer tuning slides, from slide U bows to connector tubes, everything is made from the same material and with the same proportion of copper used in order to emphasize the certain metal sound characteristics and certain reflected glosses.
